

ISEE Annual Conference Committee

- Our main functions are to issue calls for annual conference bids, help bidders by responding to preliminary bids with recommendations for preparing final bids; review final bids, providing comments and recommendations to the ISEE Council; and to assist hosts as they prepare for their conference.
- We produce and update documents related to conferences such as the Annual Meeting Manual
 - We are currently developing guidelines for regional and hybrid virtual/in-person meetings and thinking about contingencies for meetings if travel is a problem
- Upcoming annual meeting:
 - 2022: Athens, Greece
