

# ISEE Students and New Researchers Network (SNRN)

- Our mission is to promote career development and encourage researchers at the early stages of their careers by sharing ideas, issues, and opportunities in the field
- We organize an abstract mentoring program for students and new researchers who want to attend the annual conferences; we have a newsletter and are active on social media to promote members
- We are active in ISEE committees (CAPE, Policy, Ethics, Comm.) and liaison with different ISEE chapters

Summit 3-year impact
