

ISEE Africa Chapter

- Our mission is to promote contact between and action by Africa members on matters related to environmental health, to strengthen epidemiological research and capacity development in environmental health and to improve public health outcomes in Africa
- The chapter achieved good participation at ISEE 2020 Virtual. Africa was the second largest registrant group, 137 registrants from 16 countries
- We held webinars titled “Research funding opportunities for Africa: NIH/NIEHS” on 19 January 2021 and “The African Academy of Sciences: Professional development and research funding opportunities for Africa” on 6 July 2021, with participants from Africa, Europe and North America.

Participants at the ISEE short course in Nigeria

Participants at the Africa Chapter side meeting in The Gambia

Please feel free to ask questions in the chatbox. We are monitoring the chat and will answer as soon as we can
