

ISEE Eastern Mediterranean Chapter

- We are a new chapter launched in Dec 2019 to promote contact between and action by epidemiologists in the 22 member countries of the WHO-designated Eastern Mediterranean region
- In the short time since, we have reached 30 paid memberships
- We have established monthly meetings, have representation in all ISEE Committees, have held quarterly educational webinars, presented and organized symposia at the annual conferences
- Our focus is on climate change, air pollution, and WASH
- We are actively looking to increase membership from Eastern Mediterranean countries currently not yet represented

Chapter members from Iraq, Iran, Yemen, Lebanon, Sudan, Jordan, Egypt, Pakistan, Morocco, Saudi Arabia and Occupied Palestinian Territories
